Srinagar, Uttarakhand

- GPA: 6.3
-

EXPERIENCE

Leon World Wide

Senior iOS & Flutter Developer

Sep 2023 – Present

- Design, build, and maintain advanced applications for the iOS and Flutter platforms.
- Develop and maintain a robust architecture for the application, ensuring scalability and maintainability.
- Participate in the planning and execution of projects, providing estimates and feasibility studies.
- Oversee the app release process, including beta testing, submission to the App Store, and post-release monitoring.
- Work closely with product managers, designers, and other developers to ensure the alignment of project goals and deliverables.
- Conduct code reviews to maintain code quality and share best practices with the team.
- Participate in Agile/Scrum processes, including sprint planning, stand-ups, and retrospectives.
- Act as a technical lead in solving complex problems and providing innovative solutions to challenging issues.

Appinventiv

iOS & Flutter Developer

Aug 2021 – Sep 2023

- Led the development of 3 iOS and 2 Flutter applications from concept to deployment.
- Collaborated with product managers, designers, and backend developers to define project requirements and ensure timely delivery.
- Implemented advanced features such as push notifications, in-app purchases, and geolocation services.
- Conducted code reviews, provided feedback, and enforced coding standards to maintain code quality and consistency.
- Optimized app performance, reduced load times, and improved user experience through efficient coding practices and performance tuning.
- Mentored junior developers, conducted knowledge-sharing sessions, and provided technical guidance to foster team growth.
- Integrated third-party libraries and APIs for additional functionality in Flutter applications.

Dcube Tech Ventures

iOS Developer

Jan 2019 – Jul 2021
Mohali, Punjab

- Developed iPhone app codebases.
- Managed approval process for App Store.

- Handled implementation of new remaining features.
- UI design implementation using both Storyboards and NIB files.
- Developed and implemented application designs based on MVC.

SKILLS

- Proficient in Swift, Objective-C, and Cocoa Touch frameworks.
- Extensive experience with iOS SDKs, including UIKit, Core Data, Core Location, SceneKit, and ARKit.
- Deep understanding of iOS design patterns such as MVC, MVVM, and Clean.
- Strong knowledge of version control systems like Git and collaborative development using platforms like GitHub or Bitbucket.
- Proficient in Dart and Flutter framework for building cross-platform applications.
- Experience with state management solutions like Bloc, Provider, and Riverpod.
- Familiarity with RESTful APIs, JSON, and web services integration.
- Expertise in debugging, profiling, and performance optimization for iOS and Flutter applications.
- Excellent problem-solving skills and ability to troubleshoot complex issues.

PROJECTS

Pickleball Match

<https://apps.apple.com/us/app/pickleball-match/id6451394447>

Pickleball Match is designed for pickleball enthusiasts seeking pickleball playing partners. Whether you are passionate about pickleball and simply seeking a like-minded partner to enjoy the game, Pickleball Match is your platform to connect and build meaningful relationships within the pickleball community.

Task Manager

<https://apps.apple.com/in/app/da-task-manager/id1532242812>

Task Manager app is designed to make tasks that are related to other team members so that they can know about the workflow and complete their delegated tasks within the deadlines.

DrDoList

<https://play.google.com/store/apps/details?id=com.dolist.android>

Dr DoList is the Quick & Easy Patient To-Do List and SignOut Sheet Maker. Now, you can manage & share patient tasks on your phone, so you can stay on track and finish faster. HIPAA compliant.

Edfundo

<https://apps.apple.com/gb/app/edfundo/id1588132022>

This app is a smart money management for a smarter generation. Parents can set tasks for their child. Parents can transfer money instantly with a click of a button. Parents can apply daily and monthly flexible spending controls. Their children have a save pot and can create saving goals. Parents and their children can immediately block the card.

Scrybe

<https://apps.apple.com/us/app/scrybe/id1572910935>

Scrybe is an ad-free digital music and content streaming app that was built with the creator and listener in mind. Fans can explore the entire catalog of free music and podcasts that are uploaded by creators as a free user or they can pay as little as \$1 and have access to subscribe to all their favourite artists who have adopted the platform.
